

Vacancy Chair

*Stichting Boerengroep is looking for a chair
(5-6 hours per week)*

Organisation

Stichting Boerengroep bridges the gap between agricultural practice and agricultural theory. It is committed to healthy and social agriculture and organises activities to stimulate a critical attitude among students and farmers. The activities offered by St. Boerengroep vary widely. For example, excursions, discussions, lectures, courses and films.

What are we looking for?

We are looking for a new chair (5-6 hours per week). Experience is not necessary, the current chair can teach the tricks of the trade. The activities mainly consist of:

- Prepare the agenda for the bi-weekly meetings (in consultation with the coordinators) and facilitate these meetings
- Maintaining staff contacts within Boerengroep and ensuring that everyone feels good, conducting interviews with new board members, etc.
- Keeping an eye on important dates and preferably also helping to organize activities
- Taking into account the long-term vision of Boerengroep and, together with the coordinator, secretary and treasurer, drawing up the annual plan and annual report
- In addition to the coordinator, also monitor the Boerengroep email and maintain contact with umbrella organizations

In addition, you are automatically a board member of our organization. This means that you are involved in maintaining St. Boerengroep, e.g. in hiring a new coordinator.

What do we offer you:

- Networking opportunities within the agricultural/agroecology sector
- Developing your communication and organizational skills
- Insight into the governance of an organization and the opportunity to gain experience in chairing meetings
- Free access to all Boerengroep activities and lots of fun!

What we seek:

- Affinity with agricultural themes
- Availability for at least one year
- Enthusiasm and sense of responsibility
- Affinity with the objectives of St. Boerengroep.

To apply or if you want some more information, send an e-mail to st.boerengroep@wur.nl with some information about yourself AND/OR come to the board interest meeting on October 21th at 18.00 at the Clockhouse.
